FILTER CLEANER

For use on pool and spa cartridge and D.E. filter elements

DIRECTIONS FOR USE

Remove D.E. or cartridge filter element from filter casing. Rinse off loose material on element. Thoroughly saturate filter element with water. Spray cleaner over total surface area of filter element for maximum effect. Let set 3-6 minutes. Rinse element THOROUGHLY with hose (foaming in spa may occur if filter element is not completely rinsed). Especially heavy soiled filter elements may need second application. Removes scale, minerals, dead algae, body oils and other debris

CAUTION

1. Undiluted product may irritate skin. Do not spray near eyes. If contact occurs, flush thoroughly with water.
2. Keep from freezing.
